Dr. Karen Williamson, voted a 2019 Nextdoor Neighborhood Favorite, believes that forming meaningful relationships is a critical part of successful dentistry. With the motto, "It's not about the teeth—it's about the person," she carefully hand-selected dental team members who share her passion for really listening to patients and providing them with personalized long-term care—the way they want it. For more than 20 years, those patients have enthusiastically recommended Dr. Williamson and her team to their family and friends.
