

***Dear Patients & Community:***

***Governor Abbott is requiring all licensed health care professionals in Texas to postpone all medical procedures, including dental procedures, that are not medically necessary until midnight April 21, 2020. We are able to see dental emergencies to correct a serious dental condition or to preserve the life of a patient who without immediate performance of the surgery or procedure would be at risk for serious adverse medical consequences or death. The goal is to NOT deplete the hospitals of the personal protective equipment needed to cope with the COVID-19 disaster. The full executive order can be found at [gov.texas.gov](http://gov.texas.gov).***

***We look forward to a brighter day when we can see our patients. During this time, we are doing a lot of online dental team training ( you know me...ALWAYS LEARNING!) to be ready to share new information with you soon. In the meantime, should you need to get in touch, our phones are being answered, phone calls returned, and my cell number is available for dental emergencies. We appreciate your patience !***

*Thank you,*

*Dr. Karen Williamson*
